SECTION B: DISCOVERYBOUND OUTREACH STATEMENT OF COMMUNITY STANDARDS

PLEASE READ CAREFULLY. Programs at DiscoveryBound (DB) Outreach provide an environment focused on spiritual growth and healing. We welcome Christian Scientists and their family and friends of all faiths to our programs. While attending a DB Outreach program, we ask each participant to support the healing environment by maintaining the following standards:

- 1) I recognize the active focus on living Christian Science during all aspects of the program. If I choose not to participate, I will do so respectfully.
- 2) I will maintain elevated thought and speech in my own conversation and with those around me.
- 3) I will not engage in, nor advocate, the use or possession of tobacco, marijuana, alcohol, illegal drugs of any kind or sexual activity outside of marriage while participating in a DB Outreach program.
- 4) I will express divine Love and be inclusive of all participants, volunteers and staff. DB Outreach programs are designed as group experiences and I agree to refrain from "pairing off" and any other behavior which excludes or embarrasses others in the group.
- 5) I am committed to contributing to an environment focused on supporting each individual in understanding their relationship to God and will resolve conflicts by utilizing the spirit of the Golden Rule (*Matt. 7:12*) and the Matthew Code (*Matt. 18:15-17*) and (*Science & Health 497:26*)

I understand that if I should violate the trust inherent in these Community Standards that I will be held accountable for my choices and actions. And if dismissed from a program, such dismissal will be without refund or reduction of tuition.

If you have any questions or would like to discuss this Statement of Community Standards, Please contact Susan Barner, DiscoveryBound Outreach and Compass Director, at 303.779.3000, x136.
